Dear Parents/Carers

**Parking around school**

I am writing to you to stress the importance that when parents do drop off or pick up their children that they demonstrate due care and attention and do not put others at risk. I am earnestly asking you to give consideration to our local community and park safely and in appropriate areas. This may result in parents parking a small distance away from school and students walking into the school grounds. It is important to our school that positive relations with our local community remain in place and do not diminish due to inconsiderate, dangerous parking by our parents or visitors. We have had two complaints in as many days from residents of Sapphire Drive, please do consider their environment and their safety around their homes. I would advise that this is **not** a suitable area in which to pick up your children due to the volume of traffic in such a small area.

Parents are also reminded that they are not permitted to drive into the school grounds to pick up or drop off children without prior agreement with the school.

Many thanks for your continued cooperation with this

Mrs. H. Redhead

Head of School
